

# Multi-Literacy Class

**Tibetan Children's Education Center** is now holding multi literacy classes on **Tibetan, English, French** and **Chinese** Languages from the first day of July. Classes are offered free to Tibetan nationals and we request donations from our foreign students.

## **Why Chinese Language?**

We believe that understanding Chinese is crucial to the present Tibetans as it is a country under whose repression that Tibetans are continued to be mistreated through discrimination of Culture, Race and Religion. The abyss of these differences can be only obtained via Cultural and Linguistic interaction. For the purpose mentioned, we have arranged a space for interested participants to study Chinese.

## **Objectives**

Our purpose of holding such classes is to undermine the illiteracy rate amongst Tibetans and as well as others and so that to promote a linguistic global communication.

## **Volunteer Teachers**

We are also looking for volunteer Teachers for English and French languages on both long-term and short-term periods. You will earn amazing experiences in teaching our students from multi- cultural backgrounds, in return. Please contact us for more enquiries.

## **Time Table**

### **Morning:**

Language	Date	Time
